INTRODUCING

THE ELEPHANT

AN INTUITIVE FEATURE RICH FRONT-END INTERFACE FOR SAP DMS

HIGH PERFORMANCE

ADVANCED SEARCH

ADVANCED STRUCTURES

ADVANCED USER GROUPS

MASS DOCUMENT CREATION

MASS DOCUMENT CHANGE
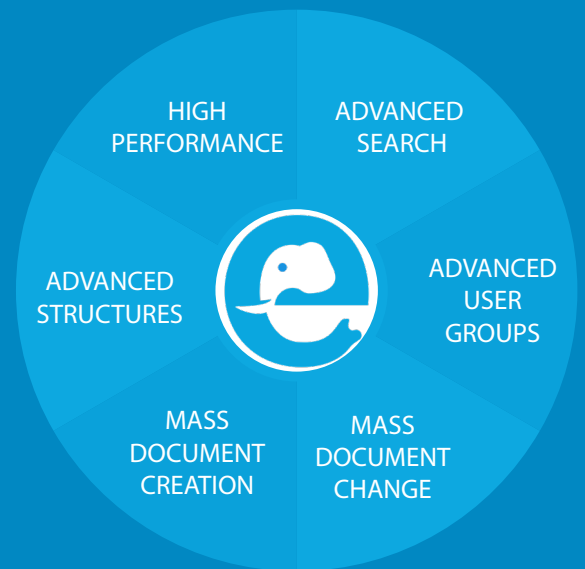

THE ELEPHANT IS AN INTUITIVE, APP BASED, FRONT-END INTERFACE FOR SAP DMS WHICH OFFERS THE USERS ADVANCED FUNCTIONALITY AND IS INTEGRATED DIRECTLY INTO THE SAP PLATFORM.

FOLLOWING ALL THE LATEST SAP STANDARDS IT WILL FIT SEAMLESSLY INTO YOUR EXISTING SAP INSTALLATION AND IS READY FOR S4/HANA.

THE ENHANCED FUNCTIONALITY ENSURES SIGNIFICANT COST SAVINGS AND EFFICIENCY.

RICH IN FUNCTIONALITY

The feature rich solution offers the following as the standard modules

- **High Performance**
  A stable and high performing environment integrated directly as part of your SAP installation.

- **Advanced Search**
  An improved, efficient and rapid search functionality utilising multiple search parameters

- **Advanced Structures**
  Take full control over the creation and management of complex document structures.

- **Advanced User Groups**
  Enhanced management to ensure secure access and visibility of sensitive documents

- **Mass Document Creation & Change**
  Advanced authorization module available saving time for defining

- **Seamless Integration**
  Integrated into your FIORI launchpad in both look and feel and installed directly into SAP there is little effect on business as usual before and after installation.

KEY BENEFITS
