Trusted Global Innovator

## **Reason 01 INNOVATIVE HR SOLUTIONS**

Transforming and reinventing human resources – with intelligent services, machine learning, digital assistants, data analysis and much more.

## **Reason 02 EMPLOYEE EXPERIENCES**

Link all areas, from core HR functions to recruiting, onboarding, training, development, succession planning, workforce analysis, employee experience management, performance and goals, and payroll in the best sense of your employees through a consistent and simple experience.

## **Reason 03 THE EMPLOYEES IN FOCUS**

With HXM tools, companies can collect feedback in those moments when it matters most and take action accordingly.

## **Reason 04 POWERFUL ANALYSES**

In addition to operational data (O-data), HXM tools can also capture experience data (X-data) – the consolidation of these data enables companies to improve the employee experience.

## **Reason 05 INTEGRATION OF X-DATA**

X-data provide information on why things are happening – enabling companies to identify and close gaps in the employee experience.

## **Reason** **SPECIAL EXPERIENCES**
