

Certificate of Qualification

SAP[®] Qualified Partner-Packaged Solution

SAP hereby confirms that the packaged solution from

Itelligence India Software Solutions

has been reviewed and approved as an SAP-Qualified Partner Solution on **SAP Business ByDesign**.

SAP Business ByDesign[®] is a cloud-based ERP system designed for the middle and upper range of the SME market, as well as for subsidiaries of large enterprises in a two-tier ERP scenario. This cloud-based ERP solution connects every function across your company to time-tested best practices and in-depth analytics.

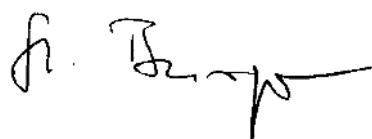

Deployed using preconfigured business processes; this SAP-qualified partner solution by **Itelligence India Software Solutions** (Partner ID **1561219**) is built to drive instant value for customers in **India**. The solution addresses the business needs of the **Discrete Manufacturing** industry.

Date Issued: October 27th, 2017

Qualification Expiration Date: October 26th, 2019

Bobby Vetter
Senior Vice President
ERP & PSG Portfolio Management
Global Channels and General Business

Steffen Burger
